Four R.C. Teen-Agers Injured in Burlingame When Auto Hits Tree

Four teen-age Redwood City people driving home yesterday at an early hour from San Francisco, had a narrow brush with death when the car in which they were riding sped headlong into a tree on El Camino Real in Burlingame.

Virginia Donovan, 16, 247 Iris St., was the most seriously injured and was in a "critical" condition today at Mills Hospital where she was being treated for a severe head injury. Also hospitalized at Mills Hospital with a head injury, but less seriously injured, is Kenneth Schock, 17, 539 Vera Ave., driver of the car. Richard Bojo, 17, 428 Pine St., and Nannette Schroyer, 17, Beresford Ave., escaped with minor injuries.

The accident occurred at 2 a.m. as the quartet was returning to Redwood City from a dance they had attended in San Francisco. Schock, who was driving, apparetly fell asleep at the wheel, Burlingame police said, and the car, moving southward on El Camino Real, crossed to the east side of the highway near Baywater Ave. and crashed into an eucalyptus tree. Miss Donovan, riding in the front seat with Schock, was telescoped into the engine as the whole front end of the car caved in under the impact.

Bojo, a star Sequoia High School football player, and Miss Schroye were asleep in the back seat when the crash came, and were thrown suddenly against the back of the front seat onto the floor. Neither suffered serious injury.

Two San Mateo women, at first believed seriously injured, were released late today from Mills Hospital where they were taken for emergency treatment following an auto accident at the intersection of Parrot Dr. and Park Ave., Burlingame, at 10:30 a.m. today

Mrs. Vivian Jesse Sackett, 42, 505 Yale Dr., driving east on Parrot Dr., struck a car going south on Park Ave., driven by Mrs. Frances McDonald, 50, 1528 Edinburgh St., police said. Mrs. Sackett suffered a bruised shoulder, and Mrs. McDonald sustained a deep laceration of the forehead. Officers William Andreasen and Robert O'Brien reported.

A car driven by Jack Johnson, Y Service Station, San Carlos, was completely demolished early today, after being struck at 12:38 a.m. by a train near the Hillsdale station in South San Mateo. No one was injured.

Police reported the accident occurred after Johnson drove the car on the tracks, 400 feet south of Broadway Ave., and apparently stalled. He had left the machine when a nothbound freight train crashed into it and dragged it two blocks before it could stop. The car belonged to a friend, police said, and had been loaned to Johnson.

Follies Includes Beauty, Comedy

Glorious fantasy, sparkling comedy and dazzling beauty have been combined in the all-new Folies Bergere of 1944, now playing nightly for a limited engagement at Winterland, in San Francisco.

Girls and dancers, comics and deft artists all blend their skill and talent under the direction of Clifford C. Fischer to present what he terms "the greatest of all Folies Bergere."

The extravaganza opens with a gay sequence of French songs and dances. Entitled "When Paris Sings Again" it presents the world's favorite songs from France.

Scores of beautiful girls and some of the best known stars of vaudeville frolic on "The Little Farm in Normandy" which features the trampeline artists — Monroe and and Grant.

The breathtaking "Rose Ballet" features the Folies' girls who dance with giant satin roses, and Jean Deveraux, piquant ballerina, who is famous for spinning on her toes.

The colorful and exciting "Horses" act features the daring Cristianis and their riding and acrobatic tricks, while beautiful girls perform on the backs of huge papier mache horses and ride about in zebra-drawn carriages.

"Claire de Lune"—exquisit ballet—features dainty ballerinas who dance with giant pearls.

The fast moving show ends with a riot of French gayety with 80 vivacious girls swirling their ruffled petticoats as they dance the daring Can Can.

Mail orders for tickets are now being received by Winterland, Post and Steiner Sts., San Francisco, 15, and filled in the order of their receipt. The management encourages mail orders as a convenient way of securing choice seat locations and saving gas, tires and time.

Firemen Extinguish Creek Bank Blaze

A fire which damaged a private footbridge over Cordilleras Creek and threatened lumber piles on the creek bank near the intersection of Alameda de las Pulgas and Eton Ave. was brought under control shortly after 6 o'clock Tuesday night, Redwood City firemen reported today.

Cause of the blase was not known. The firemen responded to a grass fire alarm at 5:22 and found rubbish and odds and ends of lumber burning in the creek bed. San Carlos Fire Dept. also responded to the call which was on the line between the two fire districts.

Peterson Recommends Pay Change

County Executive Frederick Peterson has recommended to Dr. H. W. S. Hayes and Miss Mabel Wilson, superintendent of Community Hospital and superintendent of nurses at the institution, respectively, and the County Civil Service Commission that wages of nurses employed at the hospital be made to conform with wages paid at Mills Memorial Hospital and other hospitals in the state.

Peterson's recommendation came in an attempt to iron out alleged irregularities in the hospital's payroll which have been necessitated in order to get substitute nurses.

Attending the meeting, called by Peterson, at the courthouse here were Dr. Hayes, Miss Wilson, A. H. Randall of Burlingame member of the civil service commission, and George T. Stevens, secretary to the civil service commission.

First public indication that there have been "irregularities" in the hospital's payroll was made in a letter last week from Dr. Hayes and Miss Wilson to Dr. Charles C. Gans, county health director, who in turn forwarded the letter to the civil service commission.

Dr. Hayes stated in his letter that the hospital rates being paid at the hospital for the nurses are "irregular" from the controller's standpoint. Chief Dep. Controller Ira Boynton said, however, he did not know what the irregularities might be, but said he had not studied the matter enough to make a statement.

Rate of pay recommended by the State Nurses' Assn. is $155 base and $170 maximum. Starting wage for nurses at Community Hospital is $150 a month.

Miss Wilson pointed out to Peterson that she was unable to hire emergency nurses at the hospital at the $5 a day rate prescribed by the civil service code. In order to kep the hospital properly staffed in emergencies, Miss Wilson said, it has been necessary to pay $5 for half a day and $7 for a whole day.

Miss Wilson had suggested that starting salaries of nurses be raised from $150 to $160 a month.

The matter is now up to the civil service commission. Stevens pointed out that one of two things can be done. One is to change classification of the starting nurse to the next step on the salary scale, which can be done by the civil service commission itself. The other is to change the rate of pay, in which case it would have to go to the board of supervisors for aproval.

RED CROSS: Swiss-Italian Postal Service Disrupted

The home service department of the American Red Cross today announced all telegraphic and postal communications between Switzerland and Italy have been disrupted. Therefore, until further notice, no inquiries or messages to civilians in Italy in either the area occupied by the United Nations or in the portion occupied by Germany can be accepted by the American Red Cross.

Messages which are still arriving in Washington from Italy had been forwarded to the International Red Cross before the invasion of Italy. When service is again available the public will be immediately informed, Mrs. Barney Bristow of the home service department, said today.

Communications are now possible between individuals in the United States and American nationals living in Sicily. Messages and inquiries are referred to the Department of State which verifies the citizenship of the person in Sicily as American before sending the message forward. For further information regarding the sending of these communications call at the home service department of the American Red Cross.

It's strange that, in efforts to build public relations, there is so little public apology.

Laundry Saves 'Peep' Driver

A few bags of laundry were credited today by Redwood City police with saving Fred Golightly, U. S. Navy, stationed at Tanforan, from possible serious injury when he was pinned under his overturned "peep" after a collision at Broadway and El Camino Real about 7:10 p.m. Saturday night.

Golightly, police said, struck a car driven by Stanley Hopkins, 48, 1428 Lagunna Ave., Burlingame. The "peep" turned over but a load of laundry kept the weight off the driver. Bystanders righted the vehicle and lifted him out.

He was given first aid treatment at the Redwood City firehouse for a face scratch.

Mayor Floyd D. Granger today announced the appointment of County Fire Warden Bert Werder to the salvage committee of the Redwood City War Council.

Colonel Babst was a priest of the Roman Catholic Church before his entrance into the army. In the army he was a colonel with the corps of chaplains.

Shipyard Workers Escape Blaze

Four shipyard workers, two men and two women, escaped injury at 6:57 Tuesday when the automobile in which they were riding burst into flames on Bayshore Hwy. near the Brewster St. intersection.

Three Redwood City Fire Department rigs were called out to extinguish the blaze which burned for 15 minutes. The car, Fire Chief Mark E. Ryan said, was a total loss.

Firemen said one of the women passengers first noticed the heat from underneath the seat. When the driver stopped the car and passengers got out, the flames quickly spread through the entire vehicle.

Redwood City police directed traffic around the blaze. Neither firemen nor police were able to give names of those in the automobile. Firemen reported the workers said they were from Palo Alto and Menlo Park. The two men, anxious to get to work, left the scene immediately afterwards and thumbed a ride north, it was reported.

Granger Warns Of Blackout Rules

Mayor Floyd D. Granger today warned residents that provisions should be made to extinguish exterior and indoor decoration lights within one minute after the sounding of an air raid alarm, in conformance with the blackout regulations which are still in force under army proclamation and a city ordinance.

As Lt. Gen. Delos Emmons' has warned that, despite dimout relaxation, the blackout rules are still operative, Granger suggested provisions would be made to have someone available at all times to extinguish these decorative lights as well as ordinary illumination in event of a blackout.

WAVES: Redwood City Wins 'E' for Recruiting

Special commendation for naval and civilian personnel engaged in recruiting young women for the WAVES in the Redwood City area was received from the Navy Department today, it was announced by Mrs. Z. T. Thorning, chairman of the Women's Civilian Naval Personnel Committee.

"Redwood City," Mrs. Thorning announced, "has been awarded a special navy "E" flag for its excellence in securing the greatest number of WAVES on a quota basis of any district in Northern California during the month of November." The coveted "E" flag will be installed in the WAVES information center in the courthouse.

Ensign Jane Wilson, WAVE officer assigned to this area, states that while the War Manpower Commission ruling on job freezing does not affect enlistments, that all applicants now engaged in essential war work are required to have a certificate of availability from the War Manpower Commission.

The WAVE information center is open from 12 to 5 p.m. at the county courthouse, phone 1678, and after 5 p.m. phone 61.

Court Action Results From Crash

An accident which marred the observance of Christmas last year when a Burlingame expectant mother and a San Mateo man were killed as the ambulance in which they were speeding to a hospital crashed has resulted in suit against owners of the ambulance for a total of $91,428.17.

The suit was filed in superior court here by Ralph B. Palmer, husband of Mrs. Dorothy Palmer, 21, 128 Dwight Rd., Burlingame, the expectant mother who was killed, and his two-year-old son, Eric J. Palmer, and by Bernice D. Wold, whose husband, Victor H. Wold, 42, 1018 Tenth Ave., San Mateo, was killed.

Named defendants were Ivan Klein, driver of the ambulance, Velva Simpson and Joseph L. Sarto, doing business as the Villa Hospital and Ambulance Service Co., and Reuben Wold, brother of Victor Wold.

The accident occurred on Dec. 24 at 7:25 p.m. on El Camino Real at San Mateo Ave., San Bruno, near Uncle Tom's Cabin, a night spot. California Highway Patrol reported at the time of the accident that Palmer and Wold had been involved in a minor accident and that the ambulance was called to rush Mrs. Palmer, expecting a baby at any time, to the hospital. While en route to Mills Memorial Hospital Klein attempted to pass two cars with the ambulance but when he reached the third lane another auto approached. When he saw he could not pass Klein turned sharply to the right and the ambulance rolled over three or four times, the CHP said.

The complaint charges Klein with carelessness and negligence.

Ralph B. Palmer and his son Eric ask $25,443.34 for the loss of their wife and mother, and the senior Palmer, who received numerous injuries, asks $15,445.60 in a separate cause of action. Mrs. Wold asks $50,539.23 for loss of her husband and for costs.

Julia says—

Here's how to bake some "specials"

FLOUR is one thing we have plenty of, these days. And it's positively amazing how easy it is to use flour tastily in home cooking.

In the old days, I know, "home baking" meant long preparation and hard work—but nowadays it's increasingly simple to bake biscuits and muffins and bread right at home.

There are also "special" things we can bake in our kitchens, easily. For instance:

CRANBERRY NUT BREAD

A delicious, colorful holiday bread that's ideal for making dainty sandwiches for tea or refreshments. Let stand at least 24 hours and it will slice paper thin.

Cranberry Nut Bread

3 cups enriched flour	1 tbsp. grated orange rind
4½ tsps. baking powder	1 cup whole uncooked cranberries
1 tsp. salt	1 egg
1 cup sugar	1 cup milk
½ cup finely chopped walnut meats	2 tbsps. melted shortening

Sift and measure flour; sift with baking powder, salt, and ¾ cup of the sugar into bowl; add nut meats and orange rind. Wash cranberries; grind in food chopper, using medium knife; add remaining ¼ cup of the sugar. Beat egg; add milk, shortening and cranberry mixture; stir quickly and lightly into flour mixture. Pour into well-greased loaf pan (9x4x3). Bake in moderate oven (350° F.) about 1 hour or until done. Makes one loaf.

LIGHT FRUIT CAKE

Simple to make and elegant to serve. Make a week or two before serving time so cake and fruits can "ripen."

Light Fruit Cake

1¾ cups enriched flour	½ cup well-drained sliced maraschino cherries
2½ tsps. baking powder	½ cup thinly sliced candied orange peel
½ tsp. salt	½ cup thinly sliced candied lemon peel
½ cup shortening	1 cup raisins
1 cup sugar	½ tsp. lemon extract
2 eggs	
¾ cup milk	
1 cup coarsely chopped walnut meats	

Sift and measure flour; sift with baking powder and salt. Cream shortening; add sugar gradually, creaming until light and fluffy. Add eggs one at a time, beating well after each addition. Add flour mixture and milk alternately, beating until smooth after each addition. Add nutmeats, fruit, raisins and flavoring. Pour into well-greased and paper-lined loaf pan (5x10½x3), and bake in moderate oven (350° F.) 1 hour and 20 minutes or until done. Makes 1 loaf.

R.C. Marine Enjoys Life in Gilberts After Invasion of Tropical Paradise

To Pvt. William E. Robinson, 23, son of Mr. and Mrs. Fred Robinson of Summit Dr., Emerald Lake, the invasion and taking of the Gilbert Islands by the U. S. Marines is more than a newspaper story.

Private Robinson was one of the marines about whom so much has been said in the past few weeks as a result of the history-making invasion of the Gilberts. He was one of the invaders.

A letter written to his parents here on Nov. 30, just 10 days after the invasion got under way, reports that he "came through all right."

"I am in excellent health," he said.

Loss of life in the invasion of the Gilberts was heavy. Col. Evans F. Carlson, who was there, summed up the American capture of Tarawa, main air base in the Gilberts, as "one of the toughest battles ever fought" in the 168 years of U. S. Marine Corps history.

"I am now in the Gilbert Islands, a truly tropical paradise," Robinson wrote. "This is the kind of place you read about in books—hula girls in grass skirts and beautiful sun-bleached beaches.

"I am writing in a palm-thatched 'lean-to' I built. I am practically going native now and am having a good time swimming in the surf....

"The natives put on a show for us the other day—hula dancing and singing. It was very interesting.

"The natives here are true Polynesians and very good looking. Some of the girls are very pretty. They are very clean and very different from the Negroids of the Solomons."

"For Thanksgiving," Robinson continued, "I had a can of beans and a cup of water."

"There are 16 islands in this group and I was on every one of them. The women are very picturesque with nothing on but grass skirts and babies in their arms."

Robinson is a brother of Clark Paul Robinson, who is stationed at a submarine base at New London, Conn. He is a graduate of Sequoia High School and entered the marine corps in August, 1942. He has been overseas 14 months.

Mare Island Seeks New Apprentices

Young men of 16 are needed as apprentices at Mare Island. The wages are $4.64 for eight hours and time in excess of 40 hours a week is overtime at the rate of time and one-half, whether in the shop or in school, Chester B. Fox, Redwood City secretary of civil service said today.

An increase of 96 cents a day is given after you successfully complete each quarter of your apprenticeship.

In 27 months, you can learn a trade, complete your high school education, graduate with a navy certificate of apprenticeship and a diploma.

Apprenticeships are now open in 16 different trades.

Call at the post office in Redwood City for more information.

Firemen Answer Three Calls

Redwood City Fire Dept. extinguished a blaze caused by overheated wiring in a washing machine at 9:30 a.m. Sunday at the residence of Robert F. Monteith, 1021 Edgewood Rd., Fire Chief Mark E. Ryan reported today.

Damage was confined to the wiring in the machine.

Firemen responded to a call at 2:28 yesterday afternoon reporting a fire at Finger Ave. and Warwick St. The blaze proved to be a rubbish fire. The resident was warned to confine rubbish burning to hours permitted under the city ordinance.

At 2:58 firemen responded to a call from 55 Woodrow St. when a pilot light on a floor furnace flared up. There was no damage.

Mrs. Lloyd Johnson Ill in New York

Mrs. Lloyd A. Johnson, who has been in New York with her husband, manager of the National Motor Bearing Co., suffered a severe heart attack early this month and is under treatment at the George Washington University Hospital there, it was learned here today.

Mrs. Johnson will be in the hospital for least five weeks, it was reported. Mr. Johnson, who has been attending the National Assn. of Manufacturers convention, will remain with her until she is able to return.

Their son, PFC Lloyd W. Johnson, obtained emergency leave from his base at Charleston to visit his mother during her illness.

If we hold too long to our right to be indifferent, we may lose too soon the right of being free.
